

Winter shoveling in Watertown

Snow is starting to fall and winter shoveling becomes necessary.

Watertown encourages all residents to shovel their sidewalks to enable pedestrians to walk safely . Remember, these are your neighbors: students walking to school, the elderly, disabled people and commuters going to the bus. If sidewalks aren't shoveled pedestrians will walk in the street where they may be hit by cars.

Homeowners are required by ordinance to NOT pile snow from their driveways on sidewalks.

If you are unable to shovel the Watertown Senior Center provides a list of people who can do the shoveling. Call: 617-972-6490

**All of us shoveling make
Watertown a better place
to live and work.**
